

### 1. Health Resources and Services Administration (HRSA) Health Centers

- **Description:** HRSA funds a nationwide network of health centers that provide primary care services on a sliding fee scale based on income. These centers offer services regardless of a patient's ability to pay.
- **Find a Health Center:** [HRSA Health Center Locator](#)

### 2. National Association of Free & Charitable Clinics (NAFC)

- **Description:** NAFC represents over 1,400 free and charitable clinics and pharmacies across the U.S., offering medical, dental, pharmaceutical, and behavioral health services to uninsured and underinsured individuals.
- **Find a Clinic Near You:** [NAFC Clinic Locator](#)

### 3. Federally Qualified Health Centers (FQHCs)

- **Description:** FQHCs are community-based health care providers that receive funds from the HRSA to provide primary care services in underserved areas. They offer services on a sliding fee scale and serve all patients, regardless of their ability to pay.
- **Learn More:** [Rural Health Information Hub](#)

### 4. Medicaid and Children's Health Insurance Program (CHIP)

- **Description:** These federal-state programs offer free or low-cost health coverage to eligible low-income adults, children, pregnant women, elderly adults, and people with disabilities.
- **Apply for Medicaid/CHIP:** [HealthCare.gov](#)

### 5. Mark Cuban's Cost Plus Drug Company (MCCPDC)

- **Description:** MCCPDC is an online pharmacy dedicated to providing affordable prescription medications directly to consumers. The company's mission is to reduce drug prices by eliminating middlemen and adopting a transparent pricing model, making essential medications more accessible and affordable for all Americans.
- **Learn More:** [costplusdrugs.com](#)

#### Key Features of MCCPDC:

- **Transparent Pricing:** Medications are priced based on the company's cost plus a 15% markup, a \$5 pharmacy service fee, and a \$5 shipping fee.
- **Extensive Medication List:** MCCPDC offers over 2,200 generic drugs, including treatments for various conditions such as diabetes, heart health, gastrointestinal issues, mental health, high blood pressure, and cancer.

- **No Insurance Required:** The service is designed to benefit those without insurance or those whose insurance plans do not cover certain medications. Currently, MCPPDC does not accept insurance, but the prices are often lower than typical copays.
- **Nationwide Availability:** MCPPDC ships medications to all 50 U.S. states, ensuring broad access to affordable prescriptions.

## 6. NeedyMeds

- **Description:** A national non-profit organization that provides information on programs to help people who can't afford medications and healthcare costs.
- **Find Free/Low-Cost Clinics:** [NeedyMeds Clinic Locator](#)

## 7. ECHO Free Clinic

- **Description:** Operated by the Institute for Family Health, this student-run free clinic in the South Bronx offers comprehensive, high-quality healthcare to uninsured adults. All services are free and confidential.
- **Clinic Details:** [ECHO Free Clinic](#)

## 8. PAN Foundation Resources for Diverse Communities

- **Description:** The PAN Foundation connects patients with resources beyond financial assistance, focusing on supporting historically underserved communities.
- **Explore Resources:** [PAN Foundation](#)

## 9. United Way NCA Health Programs

- **Description:** United Way of the National Capital Area offers programs like Thrive United 365, providing equitable access to health resources to improve lives by addressing health conditions affecting communities.
- **Program Information:** [United Way NCA Programs](#)

## 10. Local Health Departments

- **Description:** Many local health departments offer free or low-cost services such as immunizations, prenatal care, and general health screenings.
- **Find Local Health Departments:** [CDC Directory](#)

## 10. Community Health Centers

- **Description:** These centers provide comprehensive medical services, including preventive and primary care, to underserved populations. Fees are based on income and family size.
- **Locate a Center:** [HealthCare.gov](#)

These resources are designed to bridge the gap in healthcare access for underserved communities. It's essential to reach out to these organizations directly to understand the specific services they offer and determine eligibility criteria.
